

# Where do our fines go?

We have sponsored a disabled member of our community, provided funds direct to JST, and now presented them with a wheelchair to assist disabled crewmembers

The motley crew from Reepham & District Rotary Club meet the Captain of STS Lord Nelson

11 September 2011

Our intrepid team manouevering chair and traffic

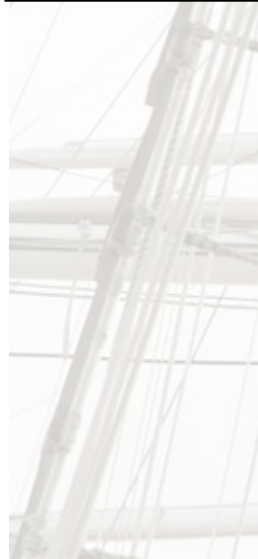

A nervous team awaiting permission to embark - the public had to be cleared before they were allowed on.

A really big clanger!!!

Dismantled within minutes of arrival, but will the wheels go back on again?  
The captain was keen to display his intimate working knowledge of this new wheelchair.

- trying to  
extract money  
from all and  
sundry for the  
cause which is  
now dear to her  
heart

Should we arrange  
another trip in 2012?

If you are interested  
speak to lan or  
Gareth.

It could change your outlook  
(or looks) on life, just look  
at lan and Barry!

The sky is the limit guys
